RIBDIGI ERP
One System. Total Business Control.

Launching 2 November 2026

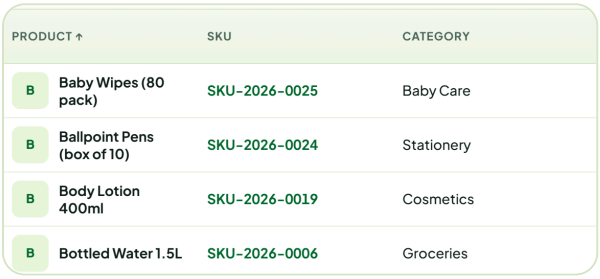

FOR THE BUSY RETAILER

Too many products, suppliers and sales to track by hand?

Ribdigi ERP keeps your shop in one place: what you stock, what you buy, what you sell and who buys it.

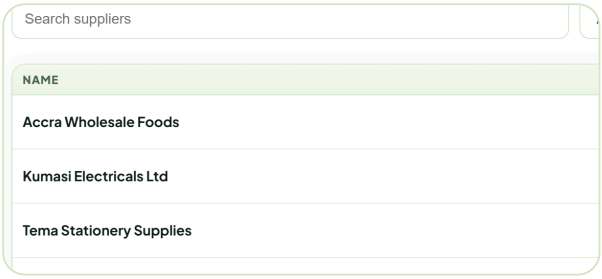

1 Products and inventory

Every product, its price and how many are left.

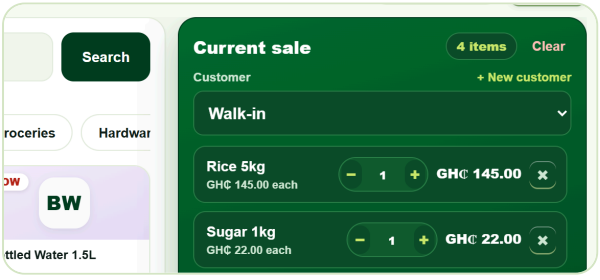

2 Supplier purchases

Suppliers, orders, goods received and bills.

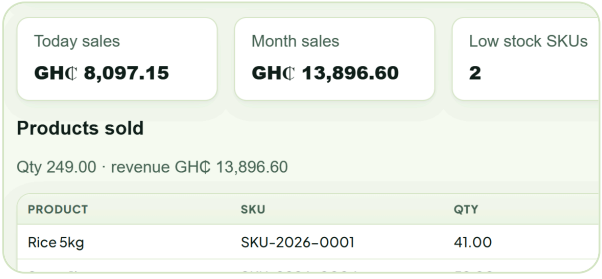

3 Point-of-sale sales

Scan or tap products and take payment.

4 Customers and reports

Your customers and your sales reports.
